When Les Whitten showed me an FBI (Not WC) memo on the interview with Connally I told him it represented what must be countless leads not given to WC - FBI versions. Later told him it had to reflect what in tonight's conversation I called a phone back channel. I told him who to call & see at Lubbock what to ask for to confirm this. He sent me the additional pages. They prove it. Les spotted a difference in what was actually said before I could compare (I was in hospital)... The FBI internal memo which was by Rosen to Belmont cc: DeLoach & Sullivan is dated 12/13/63. The ~~Houston~~ Austin interview was 12/11, dictated 12/12 & not typed until 12/13... It is in tracing this that Les found proof of all those other reversals & ~~deletions~~ some... They moved the Connally story today for Saturday use... I had old Les published the Katy exiting out of FBI version but I feel would not credit use any way. He did, was embarrassed, spoke to Jack & Jack offered plug for new book. I said I have no interest in personal publicity but why would they not say I am the writer's smallest publisher at Fred. I like this approach, Thinks Jack will. Offered him several items from it. He is to call to-morrow. 10/28/75
